Phoenix Project

Call for Art, Literary and Musical Works: Ex-Member Art and Literary Exhibit

The Phoenix Project will be presented at the International Cultic Studies Association's 2021 Annual International Conference that will take place virtually from July 1–3, 2021.

The Phoenix Project was created by Diana Pletts as a healing, liberating, and empowering experience for former member of a cult or high-demand group. We are seeking creative works that reveal the world of the cult survivor. This may include what it was like in the group, what it was like to leave, or the path to recovery.

Works are welcome in English and French and may be in any art form, including, but not limited to:

Visual arts: paintings, prints, drawings, collage, sculpture, fiber arts, mixed media, photography | Film, video, or multi-media | Music | Dance | Literary: poetry, drama, short story, creative non-fiction, or other writings

Submission deadline: April 24, 2021

If you are interested in participating, please start by completing the form. If you have questions, email Ashlen at ashlenhilliard@icsamail.com.
Additional Information:

The Phoenix Project reveals the realities of an individual's cult experience through art, writing, and live performance. This virtual conference will include a Phoenix Project Art Show and a Phoenix Live Session.
